

## Technical Program Committee Members

### Area 1: Performance Evaluation, Control and Optimization

|                       |  |
|-----------------------|--|
| Alexandra Dmitrienko  | University of Würzburg, Germany                          |
| Benny van Houdt       | University of Antwerp, Belgium                           |
| Corinne Touati        | INRIA, France  |
| Costas Courcoubetis   | Singapore University of Technology and Design, Singapore |
| D. Manjunath          | IIT Bombay, India  |
| Danny de Vleeschauwer | Nokia, Belgium   |
| Eytan Modiano         | MIT, USA   |
| Fabrice Guillemin     | Orange Labs, France                                      |
| James Roberts         | IRT SystemX, France                                      |
| Jean Walrand          | Berkeley, USA  |
| John C.S. Lui         | The Chinese University of Hong Kong, Hong-Kong, China    |
| Longbo Huang          | Tsinghua University, Mainland China                      |
| Nancy Perrot          | Orange Labs, France                                      |
| Paul J. Kühn          | University of Stuttgart, Germany                         |
| Poul Heegard          | NTNU, Norway   |
| Ravi Mazumdar         | University of Waterloo, Canada                           |
| Rob van der Mei       | CWI, Netherlands   |
| Sabine Wittevrongel   | Ghent University, Belgium                                |
| Samuli Aalto          | Aalto University, Finland                                |
| Tatsuaki Kimura       | NTT, Japan   |
| Udo R. Krieger        | Otto-Friedrich University Bamberg, Germany               |
| Yung Yi               | KAIST, South Korea                                       |

### Area 2: Network Measurements and Big Data

|                       |                                    |
|-----------------------|------------------------------------|
| Amogh Dhamdhere       | CAIDA, USA                         |
| Anja Feldmann         | TU Berlin, Germany                 |
| Anna Brunstrom        | Karlstad university, Sweden        |
| Benoit Donnet         | University of Liège, Belgium       |
| Colin Perkins         | University of Glasgow, UK          |
| Danny De Vleeschauwer | Nokia Bell Labs, Belgium           |
| Dario Rossi           | Telecom ParisTech, France          |
| Georgios Smaragdakis  | MIT, USA                           |
| Hamed Haddadi         | Imperial College London, UK        |
| Kenjiro Cho           | IJ, Japan                          |
| Kenjiro Cho           | IJ Research Lab, Japan             |
| Marco Mellia          | Politecnico di Torino, Italy       |
| Matteo Varvello       | AT&T Labs, USA                     |
| Matthew Luckie        | University of Waikato, New Zealand |
| Paul Barford          | University of Wisconsin, USA       |
| Pedro Casas           | AIT, Austria                       |

|                          |                                     |
|--------------------------|-------------------------------------|
| Rob van der Mei          | CWI, Netherlands                    |
| Roland van Rijswijk-Deij | University of Twente, Netherlands   |
| Steve Uhlig              | Queen Mary University of London, UK |
| Zach Bischof             | IJ, Japan                           |

### Area 3: Networking Architectures and Paradigms

|                             |   |
|-----------------------------|---|
| Antonio Cianfrani           | University di Roma 1, Italy                           |
| Bengt Ahlgren               | RISE-SICS, Sweden                                     |
| Christian Esteve Rothenberg | University of Campinas, Brazil                        |
| Danny Tsang                 | Hong Kong University of Science and Technology, China |
| David Hay                   | The Hebrew University of Jerusalem, Israel            |
| Dirk Kutscher               | Huawei German Research Center, Germany                |
| Edmundo Monteiro            | University of Coimbra, Portugal                       |
| Filip Idzikowski            | Poznan University, Poland                             |
| Giovanni Carofiglio         | Cisco Research, France                                |
| Hans van den Berg           | TNO, Netherlands                                      |
| Hiroshi Saito               | NTT, Japan  |
| Jussi Kangasharju           | University of Helsinki, Finland                       |
| Kurt Tutschku               | BTH, Sweden   |
| Marco Ruffini               | CTVR Trinity College Dublin, Ireland                  |
| Michael Menth               | University of Tuebingen, Germany                      |
| Roberto Bruschi             | CNIT, University of Genoa, Italy                      |
| Thomas Bauschert            | Tu Chemnitz, Germany                                  |
| Torsten Braun               | University of Bern, Switzerland                       |
| Wolfgang Kellerer           | TUM, Germany  |
| Zhenhua Liu                 | Lawrence Berkeley National Lab, USA                   |

### Area 4: Wireless and Cellular Networks

|                     |   |
|---------------------|---|
| Ake Arvidsson       | Ericsson, Sweden                                |
| Azzedine Boukerche  | University of Ottawa, Canada                    |
| Catherine Rosenberg | University of Waterloo, Canada                  |
| Claudio Casetti     | Politecnico di Torino, Italy                    |
| Ivan Seskar         | Rutgers University, USA                         |
| Jianping Pan        | University of Victoria, CA                      |
| Jing Deng           | University of North Carolina at Greensboro, USA |
| Ken Duffy           | National University of Ireland, Ireland         |
| Masayuki Murata     | Osaka University, Japan                         |
| Monisha Ghosh       | University of Chicago, USA                      |
| Nelson da Fonseca   | State University of Campinas, Brazil            |
| Ramon Aguero        | University of Cantabria, Spain                  |
| Remco Litjens       | TNO, Netherlands                                |
