

## ITC 30 Sponsors

The International Advisory Committee (IAC) of the ITC and the IFIP TC6 WG6.6 have decided to offer a number of travel grants that will be available to support full-time students for attending ITC 30. The IAC financially supports two prestigious awards for ITC 30: Best Paper Award and Best Student Paper Award. We are also very grateful for the financial support by the Faculty of Computer Science of University of Vienna, as well as the Austrian Electrotechnical Association (OVE) and the City of Vienna for their generous support with organizing the social events.

## Technical Sponsors

ITC 30 is technically co-sponsored by IEEE Communications Society (IEEE ComSoc) and the Information Technology Society within VDE (ITG VDE), and in-cooperation with ACM SIGCOMM.
